FINISHING

A light that inspires

With its compact size, modern design, and water-resistant casing, the Mina M is the perfect way to inspire any space, indoor and out.

Mina M brings an impressive 9 LED light color range to your bedside, workspace, or patio. The color change and dimming function are all controlled by a press down feature on the top of the light.

Designed with a IPX4 water-resistant casing, means that it's okay if your Mina M is left outside in a little rain.

Mina M is rechargeable using any Qi-enabled wireless charging station. You can also charge Mina M by using a USB-C charging cable.

The Mina M has up to 24h of battery life from a single charge, making it the perfect companion all day and night.

Our designers have crafted a sleek, statement-making aluminum base available in six colors. Try multiple to create your own cozy or fun atmosphere.
